Dear Balmukand,

Thanks for your letter. I have already quite finally decided that I cannot spend more than six weeks in India during my coming visit. I have, however, also written to Mahalonobis that I expect him to find time during this period for me to visit other places, including Lyallpur. I think it will avoid confusion if the allocation of my time is entirely in one man's hands, and I am trusting to Mahalonobis to make the best use of what is available. I am much looking forward to seeing something of your work in the Punjab.

Yours sincerely,

R.A.FISHER.
