Dear Professor Fisher,

I thought that you might be interested to learn of the formation of a new University Club, the Philosophy of Science Club. Enclosed is a programme for the Michaelmas Term. Our guest speakers for the Lent Term are expected to be Sir Lawrence Bragg, Dr. Carl Funtin, Professor Gilbert Ryle and Dr. N.W. Pirie. Any suggestions you may care to make about any aspect of the Club's activities will be very much appreciated.

Yours very sincerely,

Norwood Russell Hanson
University Lecturer in Philosophy of Science
