Dear Fisher,

Many thanks for your note. Certainly think it will work while mentioning the suggestion in regard to deinostrich. I think it very important, and am much obliged to you for allowing me to do so. As all this matter is under me hand at the moment, it would be a good thing for it to be brought forward. But do write telling yourself as soon as you can.

I am much obliged for the corrections, they are much welcome and useful. — The "Srave" is great fun by the way!

Yours sincerely,
