Professor R.A. Fisher, F.R.S.

Dear Professor Fisher,

I have this reference, Spier, J. "The Hands of Children. An Introduction to Psycho-chirology" published by Paul Kegan, London, 1947. It is supposed to have a preface by C.G. Jung of Zurich and for that reason I would like a copy of the book.

The local bookseller is not able to obtain it for me. Do you suppose that you could find me a copy, either new or secondhand, it doesn't matter which. Let me know the cost and I shall be glad to remit, if check not enough. If a balance, would you expend on tobacc, in memory...

Always best wishes,

Sincerely yours,

Horace Gray
