September 3, 1940

Dear Dr Hau,

Thanks for your letter and the enclosed papers. I am afraid I shall not be here in the latter part of this week, as I am going to Scotland. I hope, however, this may give me more time to look at your papers thoroughly.

I am returning paper A at once with this letter, as you may remember giving me an earlier Ms. covering, I suppose, much the same ground. I should be pleased to publish papers B and C if you wish them to appear in the Annals, so perhaps you might send a line to Wilks telling him what you have done about paper B.

Yours sincerely,
