September 29, 1939

Dear Sir John,

Many thanks for your note of September 28th. It is most generous of you to propose that no rent need be paid, and I hope this may really facilitate the acceptance of my proposal. If you can believe me, the only obstacle I now see is in the desire of the Provost to forbid members of the Department to attend their work in the new quarters proposed. I can only hope that reason may be restored later.

Yours sincerely,
