26th. April 1949.

Dear Snedecor,

Thanks for your note. I am very glad to hear of your movements. Perhaps we may hope to see you in Berne next September for the International Statistical Institute.

The University of Toronto have just invited me to spend their Easter Term, namely January to March, 1950 in that University, and I am inclined to think that the difficulties in the way of accepting this invitation can be overcome. I suspect the rational
procedure would be to visit Toronto in August and Raleigh in January, rather than the other way about. You may be glad to hear of the probable visit.

With kindest wishes to Mrs. Snedecor,

Yours sincerely,
